Whispering Winds Camp

There is plenty to do at Whispering Winds Camp and so many ways to have a fun, spirit filled event!

Whispering Winds Camp is an unspoiled river-banked nature park with all the amenities for recreational fun or a quiet retreat that has been part of our community since the 1950s. It’s located just 20 minutes northwest of downtown Wichita, affording easy access for any size group from all major highways.

The camp’s 40 acres are bounded on two sides by the Arkansas River. The area is maintained in its native state and is laced with marked nature trails. Undisturbed trees, wildflowers and grasses are in abundance. Animal life includes most species native to the area including deer, wild turkeys, foxes and many types of birds. The remainder of the camp includes a lodge, cabins, camping area, pool, picnic area, sports fields, and a new playground for children of all ages.
Location: The camp is located just northwest of Wichita at 9601 W. 73rd St. North in Valley Center, KS 67147.

Camp Information: Check out our website at www.whisperingwindscamp.org for additional information.

Making Reservations at the camp: If you would like to book the camp for your next event, please call 316.260.4395 or email whisperingwindscampks@gmail.com.

Want a tour? Contact Dave Duncan, camp manager at 316.371.1050 or gbs74.ict85@gmail.com.
